

The background is a deep space scene with a dark blue and black sky filled with numerous small white stars. Several celestial bodies are visible: a large blue planet with white cloud patterns in the upper center; a smaller green planet with blue oceans to its right; a medium-sized blue planet with white clouds in the center, with a tiny white sphere orbiting it; and a large, reddish-brown planet with dark, swirling bands on the right side. The overall lighting is soft, with a reddish glow emanating from the right side of the frame.
