

# Husqvarna LC 551SP **NEW!**

Lightweight and compact yet robust walk behind mower with powerful engine, large fuel tank and aluminium wheels with rubber tyres. The perfect choice for professionals who need affordable quality with reliable, long lasting performance and outstanding results.

**Professional engine**  
A powerful engine with large 1.9 liter fuel tank for professional use

**Aluminium rims and rubber tyres**  
The solid and robust solution guarantees long time durability in frequent professional use. Aluminium rims with double-sealed bearings. Rubber tyres provide deeper tread depth for increased traction and a more comfortable drive.

**Aluminium case transmission**  
The professional graded gear box with aluminium case is created to endure frequent use for long time.

**Ergonomic handle bar**  
The ergonomic angle of the handle bar in combination with easy to reach bail arms makes operation easier.

**Easy foldable handle bar**  
Easily fold the handle to minimize space required for storing and transportation.

**Aluminium chassis**  
A strong and durable chassis, designed for best collection performance.

## Additional features

### Easy adjust handle bar

A user-friendly solution which enables easy adjustment of the handle in two different heights.

### Central cutting height adjustment

Convenient and quick adjustment of the grass cutting height. One lever controls the whole deck.

### Dust blocker bag

A collector bag design to keep dust inside the bag and preventing it from blowing in the operators face.

### High capacity collection

Efficient and high capacity collect bag designed to keep dust into the bag, preventing it from blowing in the operators face.
