

Foodstuffs lubricant LMS-Fluid

Physiologically safe, paraffin oil-based special lubricant

Viscous, colourless special lubricant

- Reduces wear and friction
- Excellent protection against corrosion

Precise application

- Optimum, precise lubrication at defined lubricating points
- Economical and efficient to use

Tasteless and odourless

AOX and silicone-free

Contents	400 ml
Chemical basis	Medical white according to DAB 10
Lubricant system	Oil
Colour	Colourless
Min./max. temperature conditions	-20 to 145 °C
Shelf life from production	12 Month

Art. No. 0893 107 001

P. Qty.: 1 / 12

Details/Application

For lubricating and maintaining seals, joints, chains and all moving parts in the food processing industry. For oil lubrication points on machines, conveying systems, gearboxes, plain bearings and roller bearings as well as for use as a release agent and lubricant and for corrosion protection in the food, pharmaceuticals, printing and paper industries. For the care and maintenance of stainless steel in breweries, bakeries, meat factories, industrial kitchens and hospitals.

Instructions

Clean the lubrication point and then apply where required. If used in areas in which food is processed or stored, only the minimum quantity technically necessary may be used.

Proof of performance

NSF H1 registered (no.: 135923), meets the requirements of H1, 1998.

NSF = internationally recognised organisation for the supervision and registration of products used in the food processing sector

Notice

Can be used in areas in which food is processed or stored. NSF H1¹

The product may come into contact with foodstuffs for technical reasons.

¹ NSF = internationally recognised organisation for the supervision and registration of products used in the food industry.

The usage instructions are recommendations based on the tests we have conducted and are based on our experience; carry out your own tests before each application. We do not assume any liability for a specific application result due to the large number of applications and storage and processing conditions. Insofar as our free customer service provides technical information or acts as an advisory service, this service is provided under the exclusion of any liability, unless the advice or information given falls within the scope of our specified, contractually agreed scope of services or the consultant was acting deliberately. We guarantee the consistent quality of our products. We reserve the right to make technical changes and carry out further development.
