

Mi Electric Scooter Pro2

Take the Journey further

- Sleek and elegant, portable and safe
Minimalist design, aircraft-grade aluminum alloy for the main body. Takes only 3 seconds to fold and go. 14.2 kg.
- Sophisticated cruise control and kinetic energy recovery system (KERS)
The KERS recovers a moving vehicle's kinetic energy under braking for longer duration. The cruise control system helps maintain a steady speed set by the driver to relieve drivers from constant pressure and tension.
- High quality batteries guarantee a riding distance up to 45km
Forty 18650 li-ion cells offer altogether a high capacity of 474Wh. Smart battery management system (BMS).
- Dual braking system
Outfitted with regenerative and disc braking at rear wheel, E-ABS system at front wheel.
- Skid-resistant and shock-absorbing pneumatic tires
8.5 inch pneumatic tires effectively absorb shocks and prevent slipping. The 300W brushless DC motor powers the scooter to ride with ease and comfort.
- Connects to Mi Home App
Check the riding speed and remaining power in real time after pairing your scooter through Bluetooth with your phone.

Specifications:

Weight:	14.2KG
Dimensions :	1130x430x1180mm
Dimensions Folding:	1130x430x490mm
Screen:	LED with Speed/Battery/KM/Mode
Motor Power:	300W
Max Speed:	25km/h
Climbing Angle:	20%
Braking Distance:	11.43m
Capacity Battery:	12800mAh 474Wh
Travel Distance:	45KM
Compatible with:	Android 4.3 or iOS 9.0 and above
Wireless Connectivity:	Bluetooth 4.1 BLE and above
