

# APC Line-R LN Series

## Automatic Voltage Regulators

### Reliable Protection

Protect your sensitive electronic equipment from brownouts and over voltages with APC Line-R automatic voltage regulators (AVRs).

Uncorrected voltage fluctuations gradually degrade the life of electronic components, potentially causing premature failure.

The Line-R not only adjusts voltages to safe levels, but also provides surge protection against electrical surges, spikes and even lightning.

#### 3 Grounded Outlets

Provides reliable AVR protection

#### Children Safety Shutters

Protects users from accidental contact with unused outlets

#### Extended Input Voltage Range

Allows for 230V (184 to 284V)

#### Power Switch with Built-in Circuit Breaker

Easy reset of the circuit breaker

#### Built-in Surge Protection

148 Joules to protect your devices from damaging surges or spikes.

#### 2-Year Warranty

Life Is On

# Technical Specifications

SKU	LN650-RS	LN1050-RS	LN1550-RS
<b>Output</b>			
Output Power Capacity	650VA / 300 W	1050VA / 500W	1550VA / 750W
Nominal Output Voltage	230V		
Voltage Regulation	± 10% @ input range		
Number of Outlets	3		
Outlet Type	Shuko		
<b>Input</b>			
Nominal Input Voltage	230V		
Input Voltage Range	184V to 284V		
Frequency	50Hz ± 5Hz		
Plug Type	Shuko		
Cord Length	1 meter		
<b>Surge Protection</b>			
AVR & Surge Protection	All outlets		
Joule Rating	148 Joules		
<b>Physical</b>			
Unit Dimensions (W x H x D)	180 x 95 x 119 mm		
Unit Weight	1.4 kg	1.6 kg	2.0 kg
Color	Black		
<b>Environment</b>			
Noise level	< 40 dB		
Operating Temperature	32°F to 104°F / 0°C to 40°C		
Humidity	0-90% relative humidity (non-condensing)		
<b>Warranty and Compliance</b>			
Warranty	2 Years		
Certification	EAC,CE
