

**For iPhone 5 users:**

iPod and iPhone models with an Apple Lightning™ connector require an Apple Lightning to 30-pin adapter for use with SoundDock® 10, SoundDock Portable, and SoundDock Series II systems.

The SoundDock® 10, SoundDock Portable, and SoundDock Series II systems are compatible with most iPod and iPhone models. If your iPod or iPhone matches an image and description in the following chart, it will work with these systems.

 <p><b>iPod touch</b> 4th generation 8GB 32GB 64GB</p>	 <p><b>iPod touch</b> 3rd generation 32GB 64GB</p>	 <p><b>iPod touch</b> 2nd generation 8GB 16GB 32GB</p>	 <p><b>iPod touch</b> 1st generation 8GB 16GB 32GB</p>	 <p><b>iPod nano</b> 6th generation 8GB 16GB</p>
