### Product description

Small-sized, battery-powered BLAZE 2.2 flashlight generates light output of 60 lumens. The COB panel makes this headtorch a perfect choice for workshop or DIY applications, as well as for night jogging through a park. The flashlight provides bright diffused light. The 360-degree holder allows you to direct the light beam exactly where you need it. The clip at the rear of the body allows the user to attach the headtorch to a jacket or backpack. BLAZE 2.2 is powered with Li-poly battery, and it is charged via MicroUSB port.
