WELCOME TO LEGO® ART

Imagine crafting your own wall art. Maybe it's a passion that fascinates you, or maybe it's the promise of an immersive creative experience like no other: a piece of iconic art you can build from scratch, paired with a unique soundtrack crafted around your favourite Disney characters. You can listen as you build, at your own pace, and get the inside story. Relax and reconnect with your creative side. Create something you'll love and give your living space a touch of the iconic.

MICKEY MOUSE

The world's most beloved character made his debut in Walt Disney's 1928 animated short *Steamboat Willie*, where he played the role of a jolly riverboat pilot whistling at the helm. And it would be hard to overstate the importance of that premiere: Mickey Mouse's status as a universal pop culture icon now spans over the 20th and 21st centuries. He has been the star of feature films and television specials, video games, household items and amusement parks the world over. Not too shabby for a little riverboat rodent! What's behind Mickey's seemingly endless popularity? In Walt Disney's own words: "Mickey is so simple and uncomplicated, so easy to understand, that you can't help liking him." And we wholeheartedly agree.

MINNIE MOUSE

The world met Minnie Mouse in 1928's Steamboat Willie, approximately two and a half minutes after Mickey Mouse's debut, as a passenger rushing to board the ship. With a little help from a cargo crane, both mice finally met on deck – and they've been inseparable ever since. Described as "modest, shy and girlish" by legendary animator Frank Thomas, Minerva "Minnie" Mouse (yes, that's her full name!) has become an immensely popular and enduring character since her first appearance. Children in their hundreds of thousands flock to her at Disneyland® Resort and Walt Disney World® Resort. The Walt Disney Company declared 1986 to be Minnie's year, and in 2018 she received her own star on the Hollywood Walk of Fame.

Designer's notes

I loved the challenge of finessing the design of Mickey and Minnie until we got it just right – each pixel needed to be placed in the perfect spot in order to make their joyful expressions shine through. Pay close attention to the background behind the characters: we wanted to create a sophisticated piece of wall art, so the background appears somewhat abstract at first, but it transforms into something quite special when you combine both models together. I've got great plans for this set: I'm gifting it to the biggest Disney fan I know – my mum!
