

Digital Photo Frame

7" & 8" Special Edition

For The One You Love

The ViewSonic VF Series of Digital Photo Frames, inherits ViewSonic's leading image and display technology to spice up your days with life-like and spirited images.

The stylish frame of the VF Series blends seamlessly into any home or office décor while displaying static photos or slideshows.

With easy screen controls, you have full control over the images. The photos can be displayed in either landscape or portrait mode with the manual rotation function. Slide show is with selectable speed and transition effect options.

All ViewSonic Digital Photo Frames accept USB 2.0 storage devices or SD/ SDHC/ MMC/ MS/ MSpro memory cards and support photos in JPEG format.

Better yet, the clock and calendar functions keep everything on schedule.

ViewSonic Digital Photo Frame is the best choice for personal use and gifting for any occasion.

USB 2.0 port allows fast photo imports from your camera, computer or USB drive.

Also supports memory cards:
SD, SDHC, MS, MMC, MS Pro
