

ПРЕДИСЛОВИЕ

Предлагаемый тренажёр предназначен для учащихся 6 класса и разработан для освоения лексики и грамматики английского языка. Тренажёр автоматизирует навыки и умения правильного употребления лексических конструкций, формирует навык практического использования основных грамматических явлений, изучаемых в 6 классе.

Тренажёр, охватывающий темы школьного курса, включает 108 лексико-грамматических тестов, сгруппированных в тематические блоки, каждый из которых состоит из 11 основных и 12-го контрольного теста.

Приступая к работе, учащийся должен внимательно прочитать задание к тесту. С целью проверки выполненного задания, а также прохождения его в интерактивном режиме, необходимо сканировать и распознать QR-код, предварительно установив на мобильное устройство (смартфон, планшет) одну из наиболее распространённых программ (QR Droid Private™ и др.). Отсканировав же QR-код, расположенный левее, учащийся перейдёт на сайт enread.by, на котором откроется возможность закрепить полученные знания, выполняя различные интерактивные задания по той же грамматической или лексической теме.

Тренажёр будет полезен учителям во время удалённого обучения, поскольку, зарегистрировавшись на сервисе «Quizizz», результаты тестов и отметки за них автоматически появляются в аккаунте учителя (при копировании авторских тестов в свой аккаунт), а также могут быть отправлены родителям для ознакомления.

Желаем успехов в изучении английского языка!
