Highlights

Philips Ambilight

With Philips Ambilight, the brilliant experience of watching a Philips TV gets even bigger! LED lights around the edge of the TV glow and change color in perfect sync with the colors of the on-screen action, or your music. It's so warm and immersive, you'll wonder how you enjoyed TV without it.

4K UHD LED TV

Love everything you watch on this 4K UHD LED TV. Philips Pixel Precise Ultra HD engine optimizes picture quality to deliver sharp images, rich colors, and smooth motion. You

get the best possible viewing experience every time.

Dolby Vision and Dolby Atmos

With Dolby Vision and Dolby Atmos on board, your films, shows, and games look and sound incredible. See the picture the director wanted you to see—no more disappointing scenes that are too dark to make out! Hear every word clearly. Experience sound effects like they're really happening around you.

Slim, attractive design.

Looking for a TV that fits with your room? The virtually bezel-free screen of this 4K smart TV goes with just about any interior, and the slim silver feet make it seem as if the screen is floating. Our packaging and inserts use recycled cardboard and paper.
