

Patriot P400 M.2 PCIe Gen 4 x4 4TB SSD

Elevate your system's performance with Patriot's P400 solid state drive for maximized reliability, ultra-thin profile, and easy-to-install PCIe. The improved graphene heatshield provides better temperature dissipation for greater performance and unhinged efficiency throughout immense application usage.

Assembled with the latest PCIe Gen4 x4 controller, the P400 provides excellent dependability including faster data access, multi-application uses, and quick transfer speeds. Designed for a high-performance functionality across video editing, gaming battles, creative projects and so much more!

Supported by Patriot's 5-year warranty, P400 is best compatible with the latest Windows® operating systems, 7*/8.0*/8.1/10. The P400 SSD is the optimal upgrade for a high-powered user experience no matter the task.
