

Though we had to adhere to 90-degree or other manageable angles for this set, we have kept some of the asymmetrical lines to honor the original castle.

Bien que nous ayons dû respecter des angles de 90 degrés ou d'autres angles gérables pour cet ensemble, nous avons conservé certaines des lignes asymétriques pour respecter le château original.

Aunque tuvimos que ceñir el set a los ángulos que fuera posible replicar con bricks (de 90 grados o distintos), mantuvimos algunas de las líneas asimétricas en homenaje al castillo original.

After years of exposure, the white clay on the roof starts to get dirty, slowly changing the appearance and color of the roof.

Après des années d'exposition, l'argile blanche du toit commence à être salie, ce qui altère lentement l'aspect et la couleur du toit.

Años de exposición a los elementos hacen que la arcilla blanca del techo comience a ensuciarse, lo que altera lentamente la apariencia y el color del techo.

The new bowed 2×2 corner element is only the second NEW element to be approved for a LEGO® Architecture set. The first was a similar element in 3×3 size in Robie House 21010, (2011).

Le nouvel élément d'angle 2×2 arqué est seulement le deuxième NOUVEL élément à être approuvé pour un ensemble LEGO® Architecture. Le premier était un élément similaire en format 3×3 dans l'ensemble Robie House (21010), lancé en 2011.

El elemento 2×2 curvado de las esquinas es apenas el segundo elemento NUEVO en aprobarse para un set LEGO® Architecture. El primero fue uno parecido en formato 3×3 del set Casa Robie (21010) de 2011.

The top part of the structure can be removed to reveal some of the interiors, including the mostly empty council area to show what it looked like during the 2009-2015 renovation.

La partie supérieure de la structure peut être retirée pour révéler une partie des intérieurs, y compris la salle du conseil, pratiquement vide, pour montrer à quoi elle ressemblait pendant la rénovation de 2009 à 2015.

Es posible retirar la parte superior de la estructura para revelar cómo se veían ciertos espacios del interior durante la renovación de 2009-2015, incluida la sala del consejo, que luce casi vacía.

Each floor of the castle's Main Keep has a unique layout that draws from the floor plans of the original castle.

Chaque étage du donjon principal du château présente une disposition unique qui reflète les plans du château d'origine.

Cada piso de la torre mayor tiene una distribución particular que es distinta a la de todos los demás y se remonta al diseño del castillo original.

LEGO® boomerang elements are used for the small awnings above the window structures.

Les éléments de boomerang LEGO® sont utilisés pour les petits auvents au-dessus des structures des fenêtres.

Se usaron bumeranes LEGO® para dar forma a las marquesinas que coronan las estructuras de las ventanas.

The purple 1×1 tile in the top floor chamber of the Main Keep is a nod to the small sacred wooden shrine covered in a purple drape inside this castle chamber.

La tuile violette 1×1 dans la chambre de l'étage supérieur du donjon principal fait référence au petit autel sacré en bois recouvert d'une draperie violette à l'intérieur de cette chambre du château.

La cubierta 1×1 en morado de la cámara superior de la torre mayor hace referencia al pequeño santuario de madera cubierto por una cortina del mismo color que hay en el castillo real.

The Main Keep roof tiles were replaced during the 2009–2015 renovation. The new, thinner tiles weigh 1.6 lbs. (0.75 kg) less per tile, making the entire roof 50+ tons (45+ tonnes) lighter than before!

Les tuiles du toit du donjon principal ont été remplacées lors de la rénovation de 2009 à 2015. Les nouvelles tuiles, plus fines, pèsent 1,6 lb de moins chacune, ce qui rend l'ensemble du toit plus léger de plus de 45 tonnes métriques !

La renovación de 2009–2015 incluyó el reemplazo de las tejas del techo de la torre mayor. Las nuevas tejas, más ligeras, pesan 0,75 kg menos cada una, ¡lo que hace que el techo completo sea más de 45 t más ligero que antes!

Himeji Castle is also known as The Castle of the White Heron, as it resembles the majestic bird about to take flight.

Le château de Himeji est également connu sous le nom de château du héron blanc, car il ressemble à un oiseau majestueux sur le point de prendre son envol.

Al Castillo de Himeji también se le conoce como Castillo de la Garza Blanca, ya que su aspecto recuerda al de un ejemplar de la majestuosa ave a punto de emprender el vuelo.
